REQUEST TO CORRECT INVENTORS' NAMES

MAIL STOP PCT

Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Sir:

Applicants note that, with respect to the Declaration and Power Attorney submitted herewith in Response to the Notification of Missing Requirements Under 35 U.S.C. § 371, the first names of the second, fifth and seventh inventors, as listed on the Declaration, are different than the corresponding names as listed on the published International Application PCT/JP03/02645.

MPEP § 201.03 states in part:

Where a typographical or transliteration error in the spelling of an inventor's name is discovered, the Office should simply be notified of the error. A new oath or declaration is not required. Reference to the notification will be made on the previously filed oath or declaration.

In accordance with the requirements of MPEP § 201.03 for the reasons set forth below, Applicants respectfully submit that the name of the second listed inventor, "Manabu YAKUSHIJI" as listed on the International Application PCT/JP03/02645, and the name "Gaku YAKUSHIJI," as listed on the Declaration submitted herewith both refer to the same person and that any discrepancies between these two listed names are the result of a translation error.

Specifically, Applicants submit that the first name of the second listed inventor (i.e., Mr. YAKUSHIJI) was erroneously translated from Japanese to English in the published International Application PCT/JP03/02645 as being "Manabu." However, Applicants submit that the correct translation of the second listed inventor's first name is "Gaku." Therefore, the second listed inventor's name, as listed on the Declaration submitted herewith (i.e., "Gaku YAKUSHIJI"), is correct.

Additionally, Applicants respectfully submit that the name of the fifth listed inventor, "Mitsuharu TAKAGI" as listed on the International Application PCT/JP03/02645, and the name "Koji TAKAGI", as listed on the Declaration submitted herewith both refer to the same person and that any discrepancies between these two listed names are the result of a translation error.

Specifically, Applicants submit that the first name of the fifth listed inventor (i.e., Mr. TAKAGI) was erroneously translated from Japanese to English in the published International Application PCT/JP03/02645 as being "Mitsuharu." However, Applicants submit that the correct translation of the fifth listed inventor's first name is "Koji." Therefore, the fifth listed inventor's name, as listed on the Declaration submitted herewith (i.e., "Koji TAKAGI"), is correct.

Lastly, Applicants respectfully submit that the name of the seventh listed inventor, "Sou KITANO" as listed on the International Application PCT/JP03/02645, and the name "Hajime KITANO", as listed on the Declaration submitted herewith both refer to the same person and that any discrepancies between these two listed names are the result of a translation error.

**Request to Correct Inventors' Names
U.S. Serial No. 10/506,533**

Q83413

More particularly, Applicants submit that the first name of the seventh listed inventor (i.e., Mr. KITANO) was erroneously translated from Japanese to English in the published International Application PCT/JP03/02645 as being "Sou." However, Applicants submit that the correct translation of the seventh listed inventor's first name is "Hajime." Therefore, the seventh listed inventor's name, as listed on the Declaration submitted herewith (i.e., "Hajime KITANO"), is correct.

Hence, Applicants submit that there has been no change of inventorship in the present application.

No amendment to the Declaration or Supplemental Declaration appears necessary, inasmuch as the information thereon is currently correct. Accordingly, the undersigned attorney, on behalf of Applicants and Assignee herein, requests the Commissioner to accept and enter the Declaration and Power of Attorney submitted herewith. Further, recognition of the correction of the second, fifth and seventh inventors' names is respectfully requested.

In addition, Applicants have submitted herewith a Supplemental Application Data Sheet reflecting the correct inventors' names in accordance with the requirements of MPEP § 605.04 (c). Thus, Applicants respectfully request that any patent or publication resulting from the instant application reflect the inventors as listed on the enclosed new application data sheet.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account.

Respectfully submitted,
